

Claims

[c1] **WHAT IS CLAIMED IS:**

1. A rear projection display device, comprising:
an image generator, providing image beams;
a reflector, mounted at a front of the image generator to
reflect the image beams onto a screen; and
a light shield, mounted between the reflector and the
screen to block scattered beams that are to be projected
onto the screen.

[c2] 2. The rear projection display device of claim 1, further
comprising a casing onto which one end of the light
shield is mounted.

[c3] 3. The rear projection display device of claim 1, wherein
the light shield is mounted under the screen.

[c4] 4. The rear projection display device of claim 1, wherein
the light shield is mounted on an adjusting device.

[c5] 5. The rear projection display device of claim 4, further
comprising a casing having at least one adjusting hole
that corresponds to one adjusting element of the adjust-
ing device.

[c6] 6. The rear projection display device of claim 1, wherein the light shield has a surface made of light absorbable material.
